1 Brief description

PCX lens that are spherical singlets. 25mm diameter, fits in Thorlabs SM1 tubes. 25mm EFL at 587.6 nm

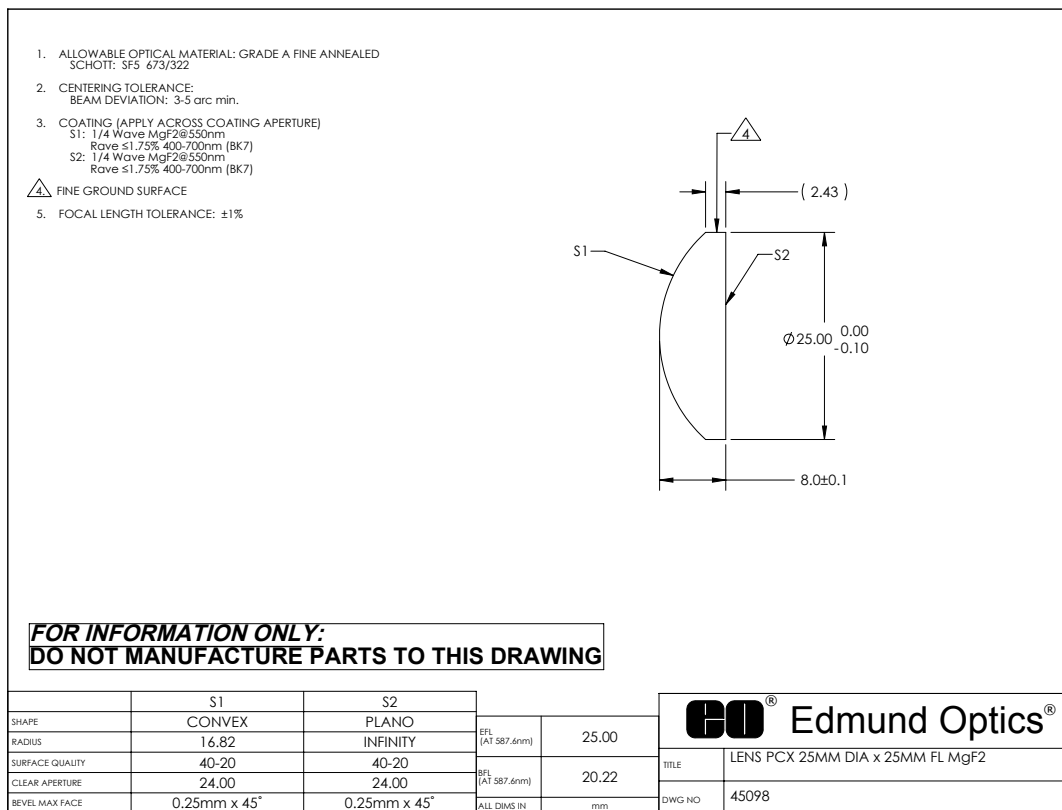

3 Data plots

2 Technical Specifications

Effective focal length	25.0mm
Back focal length	20.22mm
Wavelength region	VIS
Design wavelength	587.6nm
Substrate	N-SF5
Coating	MgF ₂
Coating Specification	$R_{avg} \leq 1.75\%$ nm
Numerical Aperture	0.50
